

VTU e-Shikshana Programme - 03 Lecture Session Details
15ARC6.6 - LANDSCAPE ARCHITECTURE

Sl. No.	Date	Day	Session	Module	Session Details	Resource Person	Format
1	17-Feb-20	Monday	11:00 - 1:00	Module 1	Landscape as a broad terminology, Natural and Man-modified landscapes.	Prof. Sapna S	Theory
	19-Feb-20	Wednesday	12:00 - 1:00		Brief history and the growth of landscape architecture as a design and planning profession from gardens to regional landscapes.	Prof. Sapna S	Theory
24-Feb-20	Monday	11:00 - 1:00	Scope and nature of professional work in contemporary landscape architecture, changing priorities of disciplinary approach: ecology, biodiversity and sustainability.		Prof. Sapna S	Theory	
2	26-Feb-20	Wednesday	12:00 - 1:00	Module 2	Study of architectural response to landscapes and understanding the relation between architecture and landscape through case examples. How the site affects design(and site improvements affect the budget)- organisation of the garden related to the characteristics of the site, its topography and soils, orientation and views, existing features and trees, adjoining the property, and climatic conditions. Orientation should affect design Topography affects design Placing the house How to enjoy land you don't own- Visual analysis and connections Views affect design Slope affects design Trees affects design Trees Influence placing of the house-	Prof.Nishita	Theory

				reference –gardens are for people by Thomas church, Topic - the site affects design		
3	02-Mar-20	Monday	11:00 - 1:00	Genius Loci of the Site The idea of site as part of whole/larger landscape, Site inventory and analysis: physical, biological, social contextual studies and layers of site analysis, site suitability analysis, inferences and response for architectural interventions. Site Structure diagram	Prof.Nishita	Theory
	04-Mar-20	Wednesday	12:00 - 1:00	Objective of site planning, identification of site and its preparation Site analysis and building programme Consideration during site analysis Factors involved in site development Topography Vegetation Hydrology Geology/Soil Climate Microclimate Historical Resources Visual Relationship Design considerations and approaches to site planning, site program, siting of buildings and open spaces, introduction to grading and land modifications, working with sloping sites. Site development guidelines	Prof.Nishita	Studio

4	09-Mar-20	Monday	11:00 - 1:00		Studio Exercise: Site analysis and site planning	Prof.Nishita	Studio
	11-Mar-20	Wednesday	12:00 - 1:00		Studio Exercise: Site analysis and site planning	Prof.Nishita	Studio
5	16-Mar-20	Monday	11:00 - 1:00		Studio Exercise: Site analysis and site planning	Prof.Nishita	Studio
	18-Mar-20	Wednesday	12:00 - 1:00		Studio Exercise: Site analysis and site planning	Prof.Nishita	Studio
6	23-Mar-20	Monday	11:00 - 1:00	Module 3	Primary landscape elements: Landform, water and vegetation, Design considerations and their role in articulating outdoor spatial design	Prof. Seema Naveen	Theory
	25-Mar-20	Wednesday	12:00 - 1:00		Secondary landscape elements: Street furniture, landscape walls, paving, inert ground covers, trellis, outdoor shading structures, embellishments, etc.	Prof. Seema Naveen	Theory
7	30-Mar-20	Monday	11:00 - 1:00		Design considerations and their role in spatial design. Hard and soft landscapes.	Prof. Seema Naveen	Theory
	01-Apr-20	Wednesday	12:00 - 1:00		Design considerations and their role in spatial design. Hard and soft landscapes.	Prof. Seema Naveen	Theory
8	06-Apr-20	Monday	11:00 - 1:00	Module 4	Eastern landscape philosophies: Chinese and Japanese gardens	Prof. Seema Naveen	Theory
	08-Apr-20	Wednesday	12:00 - 1:00		Eastern landscape philosophies: Mughal and Persian gardens	Prof. Seema Naveen	Theory
9	13-Apr-20	Monday	11:00 - 1:00		Western landscape designs: Italian and French gardens	Prof. Seema Naveen	Theory
	15-Apr-20	Wednesday	12:00 - 1:00		Western landscape designs: English romantic gardens and American parks	Prof. Seema Naveen	Theory
10	20-Apr-20	Monday	11:00 - 1:00		Examples of contemporary landscape projects: works of Martha Schwartz , Maya lin, Peter Walker & Partners, Hargreaves Associates, Sasaaki, SWA,	Prof. Seema Naveen	Literature Casestudy
	22-Apr-20	Wednesday	12:00 - 1:00			Prof. Seema Naveen	Literature Casestudy

11	27-Apr-20	Monday	11:00 - 1:00		Michael Van Valkenburgh, Andropogon Associates, Field Operations, Turenscape etc. Landscape projects in India: works of RavindraBhan, Shaheer Associates etc.	Prof. Seema Naveen	Literature Casestudy
	29-Apr-20	Wednesday	12:00 - 1:00			Prof. Seema Naveen	Literature Casestudy
12	04-May-20	Monday	11:00 - 1:00	Module 5	Studio Exercise: Designing courtyard as per the principles of Landscape Architects	Respective College Representatives	Studio
	06-May-20	Wednesday	12:00 - 1:00		Studio Exercise: Designing courtyard as per the principles of Landscape Architects	Respective College Representatives	Studio
13	11-May-20	Monday	11:00 - 1:00		Studio Exercise: Designing courtyard as per the principles of Landscape Architects	Respective College Representatives	Studio
	13-May-20	Wednesday	12:00 - 1:00		Studio Exercise: Designing front yard of a residential/ commercial complex	Respective College Representatives	Studio
14	18-May-20	Monday	11:00 - 1:00		Studio Exercise: Designing front yard of a residential/ commercial complex	Respective College Representatives	Studio
	20-May-20	Wednesday	12:00 - 1:00		Studio Exercise: Designing front yard of a residential/ commercial complex	Respective College Representatives	Studio
15	25-May-20	Monday	11:00 - 1:00		Final Submission	Respective College Representatives	Studio
	27-May-20	Wednesday	12:00 - 1:00
